LTIIA Newsletter January 2019

Main highlights:

- [LTIIA Workshop on Project Financing in Emerging Countries convened executives from around thirty private and public organizations](#)
- [G20 Leaders' summit Buenos Aires communique specifically mentions Infrastructure Data Initiative \(IDI\) under the Roadmap to Infrastructure as an Asset Class](#)

News

[European PPP Expertise Centre 10th Anniversary, Luxembourg, 12 December](#): François Bergère, Executive Director, LTIIA, moderated the first panel discussion on the future of infrastructure, while Thierry Déau, LTIIA Chairman, moderated the second one on the

future role of the private sector in the delivery of public infrastructure and services.

[G20 Nov 30th Leader's summit Buenos Aires communique](#) "Moving forward the G20 Action Plan on the 2030 Agenda for Sustainable Development" explicitly mentions the Infrastructure Data Initiative (IDI) to which 2nd pillar (Private Sector Data) LTIIA contributed, as a member of its steering committee. Further progress and rolling out now expected under Japanese G20 presidency.

[EDHEC*infra* launches GICCS classification criteria to structure infra asset class](#): The EDHEC Infrastructure Institute, as part of its work to build performance benchmarks for investors in private infrastructure debt and equity, has released the Global Infrastructure Company Classification Standard (GICCS).

Events

Recently convened

[LTIIA Workshop on Project Financing in Emerging Countries, London, November 21, 2018](#): Feedback from participants and members was very supportive of building a deeper dialogue between private sector, MDBs and DFIs to push our recommendations. In the short-term, LTIIA is to circulate the takeaways and convey them to multilateral forums and actors, starting with the Davos WEF, while this issue is to be regularly updated and enriched through recurrent meetings consultations of

the current working group.

Women in Infrastructure Forum, London, November 28-29, 2018: Deborah Zurkow, LTIIA Board Member, contributed to the discussion on "What are industry leaders doing in advance more women into senior roles in alternative assets?".

New York Summit, December 4-5, 2018: LTIIA moderated a panel discussion on delivering inclusive and sustainable infrastructure.

International Private Equity Market, Cannes, January 22-24, 2019: This year, LTIIA was a partner of the Infrastructure Summit which was focused on infrastructure as an asset class.

Upcoming

Infrastructure Investors Forum Europe 2019, London, January 30, 2019: LTIIA will participate in a panel discussion on the rise of "non-core" infrastructure as an investment opportunity.

Americas Infrastructure Dialogue, New York, January 31, 2019: LTIIA will moderate the discussion on Investment trends and developments in infrastructure - What is driving infrastructure opportunities on a macro level?

LTIIA Private Breakfast at the Infrastructure Investors Forum Americas 2019, February 26, 2019 : the private breakfast will provide an opportunity for long-term infrastructure investors to exchange views on various themes including regulatory developments, infrastructure benchmarking and ESG aspects.

Global Summit Berlin - ESG & Sustainability Forum: is a new addition to the annual Infrastructure Investor Global Summit, providing a place to showcase best practice and understand what good looks like from a sustainability perspective.

Global Summit Berlin - Global Investor Forum, March 19-20, 2019: The Infrastructure Investor Global Summit is the annual, must-attended meeting place for the industry's practitioners.

Digital Infrastructure Investment Summit, Frankfurt, March 26, 2019: Dr Bernd Kreuter, LTIIA Board Member, will deliver a keynote speech.

LTIIA had launched late November a comprehensive member survey to collate Members stocktaking/assessment of past achievements and expectations as to the envisioned ways forward. The results will be used to draft a strategic roadmap for LTIIA for the next few years.
